Someday

Someday gonna be the day for everybody here to let it go. Someday will be the day ... <u>f</u>or ... you + me. Someday will be the first or last <u>d</u>ay for somebody. Someday will <u>b</u>e the day for everybody <u>e</u>lse.

Refrain: <u>**HEY HEY HEY**</u>

No way to the sentence but the sense of it ... + I ..., I will <u>see</u>. No way to the sentence but the sense of it + you, you will see. No way to the sentence but the sense of it. And we, we, we, yes we, we will se<u>e</u>.

Yeahe ... Jooho

Refrain: There`s no way to the sentence but the sense of it. Nothing more to <u>s</u>ay.

Someday, any yesterdays will be much too far away for <u>anyone</u>. Someday, will bring about another taste for a brand<u>n</u>ew day`s vent<u>u</u>re, just like to<u>d</u>ay [hey].

It crosses the mind before someday, **there`s/no/way/to/the/ sentence** but the sense of <u>i</u>t.

Refrain: There`s no way to the sentence but the sense of it. Nothing more to say.

-- Solo --

Any way leads to someday and one day we will se<u>e</u>. So if you can, enjoy the today, trust in someday.

Refrain: There`s no way to the sentence but the sense of it. Nothing more to say.
